## Conference For Preprofessional Advisors Strengthens Relationship With Area Colleges

The first annual Preprofessional Advisors Conference, "Dentistry: Options & Opportunities," took place on Friday, December 1, 1989, and received high marks from all the participants.

"I got a much better perspective of the School," commented one advisor; "...very well-rounded information has given a positive image to the field," commented another. The conference, prompted by the efforts of the Recruitment Committee, hosted preprofessional advisors from colleges and universities in the northeast region, giving them an overview of dentistry as a profession, curriculum and the APEX program, the admissions process and financial aid.

Speakers for the day included

SPENCER N. FRANKL, Dean, who welcomed the group, noting the important role of the advisor in identifying potential dental school applicants and discussing the dynamic future that lies ahead for dentistry. ANTHONY JONG, Associate Dean of Student Affairs, and RONNI SCHNELL, Prosthodontics, discussed dentistry as a profession, with Dr. Jong focusing on enrollment trends, economic advantages of the profession and the opportunities for women and minorities, and Dr. Schnell describing her entry into dentistry and the unique set-up she now has in her practice which includes on-site day care. A panel of advisors from U Mass/Amherst, Wellesley College and Boston University joined DEBORAH FRANTZ, Admissions, and JOHN FIORE, Class of '89, to explore how advisors, students and the Dental School can work together to reach shared goals. THOMAS KILGORE, Assistant

Dean for Curriculum gave a presentation on the curriculum at the School and the APEX program.

Following lunch, a panel of students including STEVE ELBAZ, Class of '92, ANDY SAMUEL, Class of '90 and TERRY VICTOR, Class of '93, talked about why they chose dentistry and the role the preprofessional advisor played in their decision. CHARLES TERRELL, Director of Student Financial Management, and WELDON LLOYD, Associate Director of Admissions, addressed the admission process and opportunities for financial aid.

Special thanks to PAULA FRIEDMAN, Assistant Dean for Administration and DEBORAH FRANTZ, Admissions, Co-coordinators of the conference, as well as the speakers and the 'behind-the-scenes' staff who helped to make this first conference a true achievement.

### Play It Safe -- 20 Safety Tips

At a recent Safety Awareness Seminar, DICK NATOLI, Director of Security, discussed some suggestions to protect yourself and your property. The ADVISORY takes this opportunity to print them for your benefit:

- Whenever possible, walk with someone.
- Avoid isolated areas and stay near streetlights when walking.
- Park in well-lit areas; parking lots are generally safer than streets.
- Avoid shortcuts, like alleyways or parks, even if inconvenient.
- Be aware — look around you — avoid the element of 'surprise.'
- Hold purses securely.
- Don't carry heavy bags — avoid the opportunity to be immobilized.
- Don't carry large sums of cash.
- Men should carry wallets in front pockets.
- Dress sensibly — wear sneakers or comfortable shoes.
- Don't flaunt expensive jewelry.
- If you think you're being followed or are approaching a suspicious person, give eye contact — show that you're aware.
- Keep doors locked when you leave your office or area.
- Lock car doors when driving.
- Don't pick up strangers.
- Check to see if anyone is in your car before you get in.
- Remove valuables from your car — do not display them on seats.
- Use the shuttle service or the escort service to get to your car.
- Secure your valuables/equipment by engraving social security number on property.
- Notify security if an incident occurs. This is very important! *There is nothing that can be done if incidents go unreported.*

**To report a crime in progress, call the EMERGENCY number, X5000. To report a theft or other incident after the fact, call X4568.**

### Endo Alumni Convene In Arizona

The Boston University Alumni Association held its annual meeting at the Loewe's Ventana Canyon Resort in Tucson, Arizona, on October 12-15, 1989. Thirty-six endodontic alumni and their spouses attended a week of meetings, lectures and social activities. BARRY JAYE, '73, was Chairperson of the event, assisted by ARTHUR GREENSPOON, '72.

One of the features of the event was the annual presentation by HERBERT SCHILDER, Department Chairman and Honorary President of the B.U. Endodontic Alumni Association, on events and programs at BUSGD, the American Dental Association and the American Association of Endodontists. Scientific presentations were made by STANLEY BAER, '68, on "The Use of a Dental Operating Microscope in Endodontics," and ARTHUR GREENSPOON, '72, on "Mechanical Aids in Endodontics."

### Protect Your Equipment With A New Service From Security

The Security Office has purchased an inscriber which will allow students to take extra safety precautions to ensure the protection of their property. The inscriber is a handy crime prevention tool which enables one to engrave their social security number on a piece of equipment which can prove to be especially useful for a police report as an aid to recovering the property as well as for insurance coverage purposes. The inscriber is available on a sign-out basis through the Security Office, Ext. 4568. Representatives from Security can also be of assistance in helping you to inventory your property in the most effective way.

## The Stars Came Alive at the Class of 1991's Talent Show

It was a special evening of fine entertainment, laughs and often indescribable talent. With a group of raucous judges and an enthusiastic crowd cheering them on, an all-star line-up gave a smashing performance including selections by Irving Berlin, Carlos Santana, and Jimi Hendrix as well as some original songs by the group "Unfinished Business." Among the impressive talent was a visit from Dorothy and the Scarecrow, a dance routine to "Dream Girls" that left the audience stirring, a troupe of ballerinas who exhibited the finest of ballet technique, a comic routine by the one and only Groucho Marx, and a mellow, folky duet singing songs from the heart. Appearing live from New York was "Saturday Night Live" guest MC Rosanna Rosannadanna. To all those who made the Talent Show possible and to the Class of 1991, congratulations on a job well done!
